Senate Rules Class Slates To Stand

The junior and sophomore class elections were ruled valid by the Student Senate at the regular meeting held Oct. 28.

The results of the two conventions were protested on the floor of the Senate. Reasons for the protest were rules governing absentee ballots and nomination of officers.

Ruling by the Senate on these issues stated that absentee ballots had to be handed to the student body president in a sealed envelope at least one day prior to the election, and that nominations for class offices shall not cease until four people have been nominated for each office, unless a lower number has been nominated and no one else wishes to run for that office.

Officers

With all elections, except the freshmen, validated class officers are as follows:

Seniors: Pres., Larry Davis; Vice-Pres., Bill Needles; Secretary, Margaret Christian; treasurer, Ann Young.

Juniors: Pres., Bob Cobb; Vice-Pres., Dixie Gomel; Sec., Joann Lee; Treas., Ronald Craft.

Sophomores: Pres., Don Soper; Vice-Pres., Richard Cornelison; Sec., Janish Chrisope; Treas., Judy Pritchard.

To Revise Voting

Because of the irregularity in the elections, Joe Merrigan appointed a constitutional committee to revise the election procedure.

The Senate also discussed areas that were suitable for concession stands. It was ruled that all groups wishing to maintain a stand at Homecoming notify the Senate by Oct. 18. The Senate will consider the applications on Oct. 19.

The ball, sponsored by the Dorm Council, is under the chairmanship of Nancy Main, who is vice-president.

Informal Dance

This year it is being emphasized that this is a formal ball and it calls for a corsage. There is no admission fee. Since this is one of the few formal dances of the school year, the committee feels that buying flowers will not be a financial strain on the men.

A new attraction added this year will be the crowning of a king and queen. This couple will be chosen by the sponsors and administration personnel present at the dance. The candidates will be judged on appearance, personality, poise and their ability to dance together.

Preparations

Assisting Miss Main with preparations for the dance are: Dee Decker, assistant chairman; Judy Hullman and Judy Pritchard, decoration; Sharon Greenwood and Pat Keller, refreshments; and Ginger White, invitations. John Bush is in charge of lighting.

All girls living in the dorms are invited to bring their dates and come to the dance.

Book Club Meetings Start

"Saturday Night and Sunday Morning," recent British best-seller, was reviewed by Tim Johnson at the first meeting of the Book Club.

Scheduled for 7 p.m., October 2, in the Gold Room of the Union, the meeting initiated a series of reviews of current fiction. All interested students are invited to these discussions, according to Johnson, club president.

Mrs. Harry Sheetz, Dr. Charles Rivers, and Mr. L. G. Bladt sponsor the club. Marlene Hizer serves as vice-president and Nancy Rinehart as secretary-treasurer.

The Bell's Okay Walk-Out Day On The Way

To quell all rumors, Joe Merrigan, Student Body President, stated that there will be a Walk-Out day this year.

Rumors have it that the noise maker from the bell is missing and presumed lost. Merrigan commenting on the elusive clapper said, "We had quite a time following the trail leading to it, but now we have it in a safe spot, I hope! Anyway, with or without the clapper we will definitely have a Walk-Out day."

A full day of activity is planned starting with the ringing of the bell at approximately 8:30 a.m. This will signal students to leave classes and go to the Ad building where a variety show starts at 9:15. The Variety show will last until noon.

The Cell Block Seven, a popular jazz group, will give a concert at 1 p.m. in the auditorium. The concert will last until 2 p.m.

Weather permitting, a pep rally is to be held following the jazz concert. This event will wind up the afternoon's activities.

A dance at the Armory from 8-11 a.m. will be the last event on the program. The Cell Block Seven will provide the music.

CORRECTION

Contrary to the article in last week's Missourian, it is not the Homecoming Variety Show slated for its first practice tonight. This practice is for the Walk-Out Day Variety show, scheduled for 7-9 p.m. at Horace Mann.

Cronkite to Keynote NWMS Teachers' Meet

Walter Cronkite will be featured in the first assembly of the year in Lamkin Gym 7:30 P.M., Oct. 12.

Cronkite is currently the narrator of "The Twentieth Century" and has also been narrator of the CBS Television Network series "You Are There" and "Air Power." He was the anchor man for "Eye Witness to History," 1960 Winter Olympics in Squaw Valley, California and for the political conventions of 1952, 1956 and 1960.

Cronkite was born in St. Jos-

eph, Missouri, and attended the University of Texas.

His first reporting job was with the Houston Post, Texas. From there he went to Kansas City to work in radio. He later joined the United Press and was with that wire service for eleven years.

St. Joseph Residence Center Is Established By Northwest State

Northwest State College recently announced the establishment of a residence center in St. Joseph for the instruction of senior college courses, according to Dr. J. W. Jones president, Monday, September 25.

Dr. Jones presented the proposal for the program (earlier approved by the college board of regents) to members of the Governor's Council on Higher Education in Jefferson City Monday.

The program, which received approval from the Council at that time, will begin on a limited basis second semester.

At the Dec. 2, 1960, meeting of the Governor's Council on Higher Education, Dr. Mark Scully of Southeast Missouri State College, proposed that programming and administrative changes be submitted to the Council for general discussion and consideration. Northwest Missouri State is the first college in the state to submit a program under this action of the Governor's Council. This program is the residence center at St. Joseph.

The college proposals to the council included the following:

The center would use the facilities of the St. Joseph Junior College and those of other public school buildings as the administration approves.

The center will function as a service to public school teachers who lack certain certification standards for the requirements of the educational degrees offered by the college.

Offerings would be restricted to those courses which in the judgment of the department chairmen and the dean

of instruction can be adequately taught at the residence center.

Qualifications required of all college faculty members will be met and the St. Joseph courses will have supervision similar to that given on campus.

Fee for work taken will be \$15 per semester hour. Students must meet the same requirements as on campus, and the number of enrollees must be sufficient to pay the expense of a course without drawing on appropriated funds.

Air Force Reserve

Attention Air Force mandatory trainees interested in joining a reserve unit. There is an opportunity to join a pay status group with no danger of recall. Any interested Air Force Veteran, especially six month men, are urged to contact either Dr. George Gaylor, or Gene Younger at College Heights.

Shades of the Third Reich!! It may not be quite fair to brand various goings-on with such a label, but what else, The Stroller asks, could be the reason?

He noticed in a recent class officer election that one faction managed to outweigh and top the other groups to the degree of winning all of the positions. One factor remains, however, that this election was democratic, and the decision was decided by a simple majority of those present.

Then, too, she notices that many members of our "collective State" manage to gather in twosomes behind Colden Hall for a little extra-curricular activity every afternoon around 4 . . . Could there be any punishment for this?

Added to the above, other evidences are apparent—even to the extent of a "blackout" in a basement haunt for the sensible (?) common people. And when things started sailing, smashing, and slashing, the "head man" delivered a tremendous oration (cut to just a few words). One thing was wrong, though, the audience did not give him a thunderous ovation, but merely respected his demands with no seconds lost. After these wishes were carried out, what was immediately put into use? . . . An Iron Curtain, what else?

As far as militarism is concerned, aren't there quite a few identical green "uniforms" on campus that denote a special group? Don't they have an easy-to-spot large M? Now the only problem is deciding what is meant by that letter!

In a recent trip through the Den, The Stroller actually heard one upperclassman expounding on his plans and hopes to conquer the world!

UNENVIABLE POSITION OF THE WEEK . . . Freshman on Walk-Out Day. ENVIABLE POSITION . . . A Senior!!

An afterthought . . . Maybe this column should be changed to coincide with the recent dance craze exhibited on Monday nights.

This year's Intramural Council which is supervised by Dr. H. D. Peterson, seated center, is composed of L to R: Ron Severson, Dale Hansen, Terry Cellman, Lee Weir, and Joe Bopp.

Chalk Talk . . . Bob Cobb

If variety is the spice of life, NWMSC football fans should have been quite happy with the scoring plays evidenced in Saturday's game. On Hays field, the soggy and slippery turf, the 'Cats scored a narrow victory in a closely-fought battle which saw Fort Hays dominate the statistics.

The contest itself was a see-saw affair which saw spectators stay until the final gun, although the weather was a bit on the damp side.

Banner Year

It appears that campus intramurals are again off to another banner campaign according to Dr. Peterson and his staff. Working with intramurals this year, and we wish him success in a position which is time-consuming, but very beneficial to the NWMSC athletic program.

Even though there's a slight nip in the air, don't mothball that swimsuit yet. Swimming coach Bensusan reports that there are plenty of opportunities to gain a berth on the 'Tanker' squad. He also added that prospects for this season depend greatly upon a large turnout of swimmers. The more the merrier, in fact!

Swim Team Meets Today

Mr. Guy Bensusan has called a meeting of all men interested in trying out for the NWMSC Varsity Swimming team, Oct. 4, at 4:00 p.m. in Colden Hall, room 213.

The meeting will be to discuss composition of the varsity squad, conditions and nature of workouts, conditions of lettering, competitive schedule, and general facets of the varsity swimming program.

Mr. Bensusan strongly urges anyone who is reasonably good, and interested, to attend the meeting.

New Equipment Added to Bio Lab

New microscope cases and new microscopes along with other new equipment have been purchased for the biology laboratories, according to Mr. W. T. Garrett, chairman.

The remodeling of the labs, which was begun two years ago, will also be completed in the very near future.

Mr. Garrett says there are more students enrolled in the field of biology than ever before. He also feels there is more enthusiasm in the department this year.

BMOC Hold First Dinner

The Blue Key club held its first dinner meeting Sunday, October 1, at Armstrongs.

Gene Vogel, president, presided at the meeting of twelve members and several visitors. Dr. Frank Grube, advisor, Dean Charles Koerble, Mr. Don Valk and Mr. Don Schooler were among the guests.

Dolphins to Hold Get-Acquainted Swim

All girls who like to swim are invited to the Sigma Phi Dolphin's get-acquainted meetings October 9, at 7:30 p.m. in the pool room of Martindale Gym.

At these meetings the girls will be introduced to the present members, familiarized with the objectives of the club, and taught some stunts.

Membership tryouts will be held October 16 and 30 at 7:30 p.m. All interested girls are invited to attend.

The annual swim show is slated for April 25-27.

Board Changes Drop Policy

A new policy towards changing courses was adopted by the Board of Regents at their meeting, September 19.

A charge of one dollar will be made for adding a course and-or dropping a course, effective the first day following registration. This includes dropping a course, adding a course, and dropping one course and adding another.

The Board of Regents also considered plans for the improvement of roads on campus, and set October 24 as the date on which they would take bids on the repair work on the Martindale Gym, the remodeling of the Ad Building, and completion of the work in Lamkin Gym.

The Board also gave a quit claim deed to the Wesley Foundation of the Maryville Methodist Church for the consideration of one dollar.

dividual team strength.

He added that a new record for participation had been set when 400 athletes signed up for intramural football.

Those students not on a team, but who are interested in touch football, are urged to contact Dr. Peterson or Dale Hansen.

Touch football contests are held on the fields west of the Armory and south of Horace Mann.

'Taus Take Tennis Crown

This year's intramural season was inaugurated with the staging of intramural tennis. Sigma Tau Gamma dominated this event by capturing the first four positions.

Tourney Champ

The tourney winner was Doug Mossberg. Other individual winners were Larry Abbot, runner-up; Barret Myer, third; and Dean Hammond, fourth.

Dale Hansen states that there were seventy-eight participants in the tournament.

The tennis tourney was won by Sigma Tau Gamma who garnered an overwhelming 561 total markers. Phi Sigma Epsilon ran second with 159 points, Tau Kappa Epsilon, third, with 135 tallies; and Phi Lambda Chi, fourth with 66.

Record Turnout

Hansen also stated that intramural football began Wednesday, Sept. 26, with 41 teams entering competition. The teams were positioned into the five leagues according to in-

William Jewell 'Cards' Bow; Maryville Defends Strongly

Maryville State defeated William Jewell College 13-9, last Saturday, September 30, on the Cardinal field, extending the 'Cat's record to 2-1.

A stable Bearcat defense was largely responsible for holding the Cardinals to only nine points. On two occasions Jewell marched across the Maryville 15, but both times a strong opposition was on hand to repel the invaders.

Passing Clicks

Northwest showed tremendous prowess in the passing department, one of its touchdowns being on a toss. Don Daniels and Paul Solscheid led the Maryville passing attack with 20 attempts, 14 of which were good for a total of 203 yards. Supplementing the aerial offense was a figure of 133 total yards compiled on the turf.

After a cold first quarter the Bearcat eleven started the ball rolling by sending Solscheid to pay dirt from the seven-yard mark. A second Maryville tally became reality through 36 yards gained by Stu Cline on a pass from Daniels. Charles Butler accounted for the lucky thirteenth point in a successful point after - touchdown attempt.

Last to Score

Late in the second quarter cardinal Charles Linn passed to Bob Hufft from the 47, accounting for Liberty's lone touchdown in the grid encounter. Ray Ritchey extended the

home team's score with a P.A.T. Finally, with fifteen seconds remaining in the game, a host of Jewell tacklers nailed the Bearcat carrier behind his goal line for safety points. Earlier, a Card defense had staved off an attack from Maryville at the one-yard point.

This defeat leaves Liberty with a one win-two loss record compared to Northwest Missouri's two wins and one defeat.
